Seizure notifications for 2018

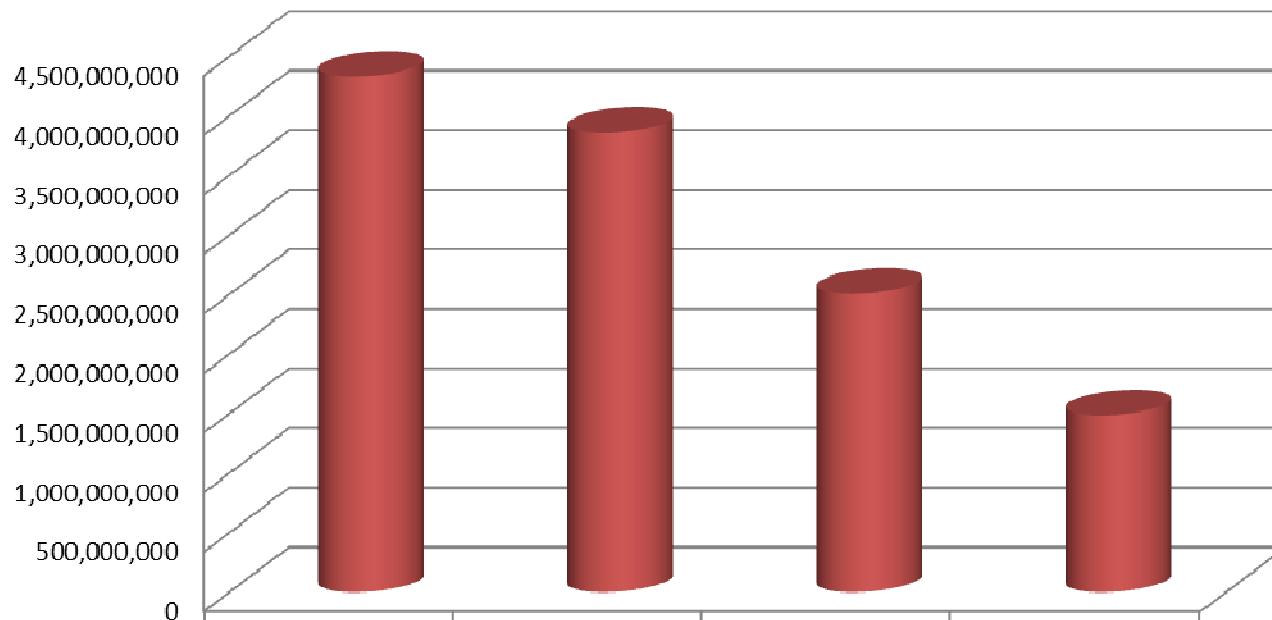

Previous SELEC Annual Reports for a comparative analysis

CIGARETTES SEIZURES

**Total amount of seized cigarettes in Southeast Europe
2015 - 2018**

■ Total amount of seized cigarettes
2015-2018

Close to 1.5 billion cigarettes seized

2019 Report on the situation of cigarettes and tobacco smuggling - Conclusions -

Cigarettes smuggling remains a **great threat in our region** and it helps fuel other transnational crimes

The itineraries inside Southeast Europe are dynamic, and most of the countries in our region represent **transit areas** towards other markets

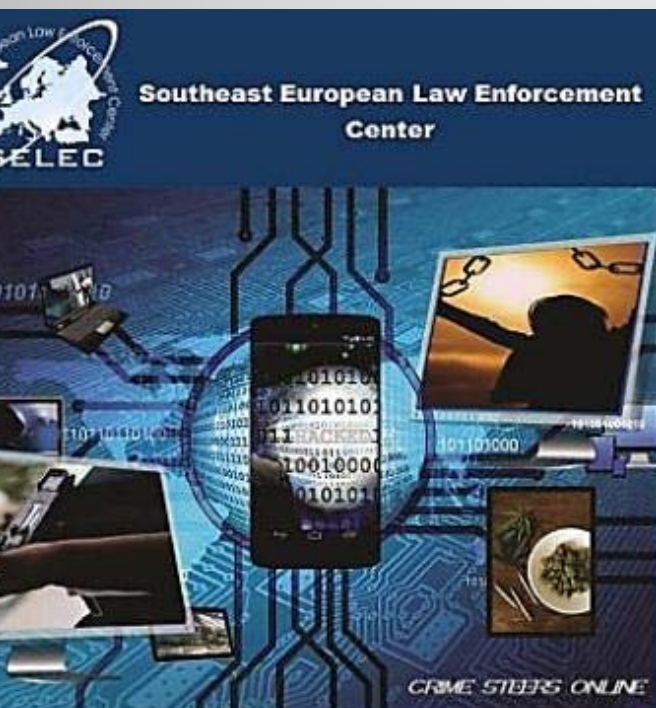

The dynamic of illicit tobacco market has changed, with less contraband of the major international producers; most cases of seized cigarettes in the region consist of **cheap-whites** and even counterfeits of cheap-whites

Online trade has seen an increase over the last couple of years. Surface web and the Darknet has become an important tool for criminals all over the world, representing an important facilitator

Organized Crime Threat Assessment OCTA SEE 2018

restricted and **public**

OCTA SEE 2018

OCTA SEE 2018

Organized Crime Threat Assessment 2018

strategic report **identifying and assessing the threats** faced by the SELEC Member States

the assessment covers relevant aspects occurred during the past **five years** (2013 – 2017)

provides **valuable facts** to the stakeholders and law enforcement bodies in general

COCTA SEE intends to cast more light on the **understanding of crime in the region**
